ICE CLIMBING COURSE & ICE CLIMBING WEEKEND

REQUIRED PERSONAL EQUIPMENT CHECKLIST

All the items on the front side are necessary for high alpine adventures in New Zealand. Due to the variability of weather and conditions in the New Zealand mountains, some of the items below may or may not be utilised on your trip.

You will notice some overlap of gear and equipment from the front side to the backside of this checklist. This is because we want to encourage you to bring and use gear and equipment that you already own whenever possible. Practicing with your gear and equipment provides greater efficiency at using it out in the field. Everything on the front side of the sheet is available for hire. Please come prepared with everything below unless you are hiring it from the front side.

For a complete description of each item, please see our detailed equipment notes.
