Extend your Adventure Consultants trek by adding the Gokyo Valley Extension to your existing Everest Base Camp/Khumbu Trek or Island Peak, Lobuche, Ama Dablam or Three Peaks Expedition. You will have the opportunity to spend some time in the picturesque Gokyo Valley which is famous for its spectacular lakes and scenery.

This four-day add on offers exceptional views of the surrounding Himalayan giants of Everest, Lhotse, Nuptse, Cholatse and Ama Dablam and is a highly recommended extension for fit and experienced trekkers.

OUTLINE OF THE TREK

This adventure starts by waving goodbye to the rest of your teammates after departing Gorak Shep, Lobuche Base Camp, Chhukung or Pangboche (depending on your trek or expedition) and trekking to the small village of Dzongla where we stay overnight.

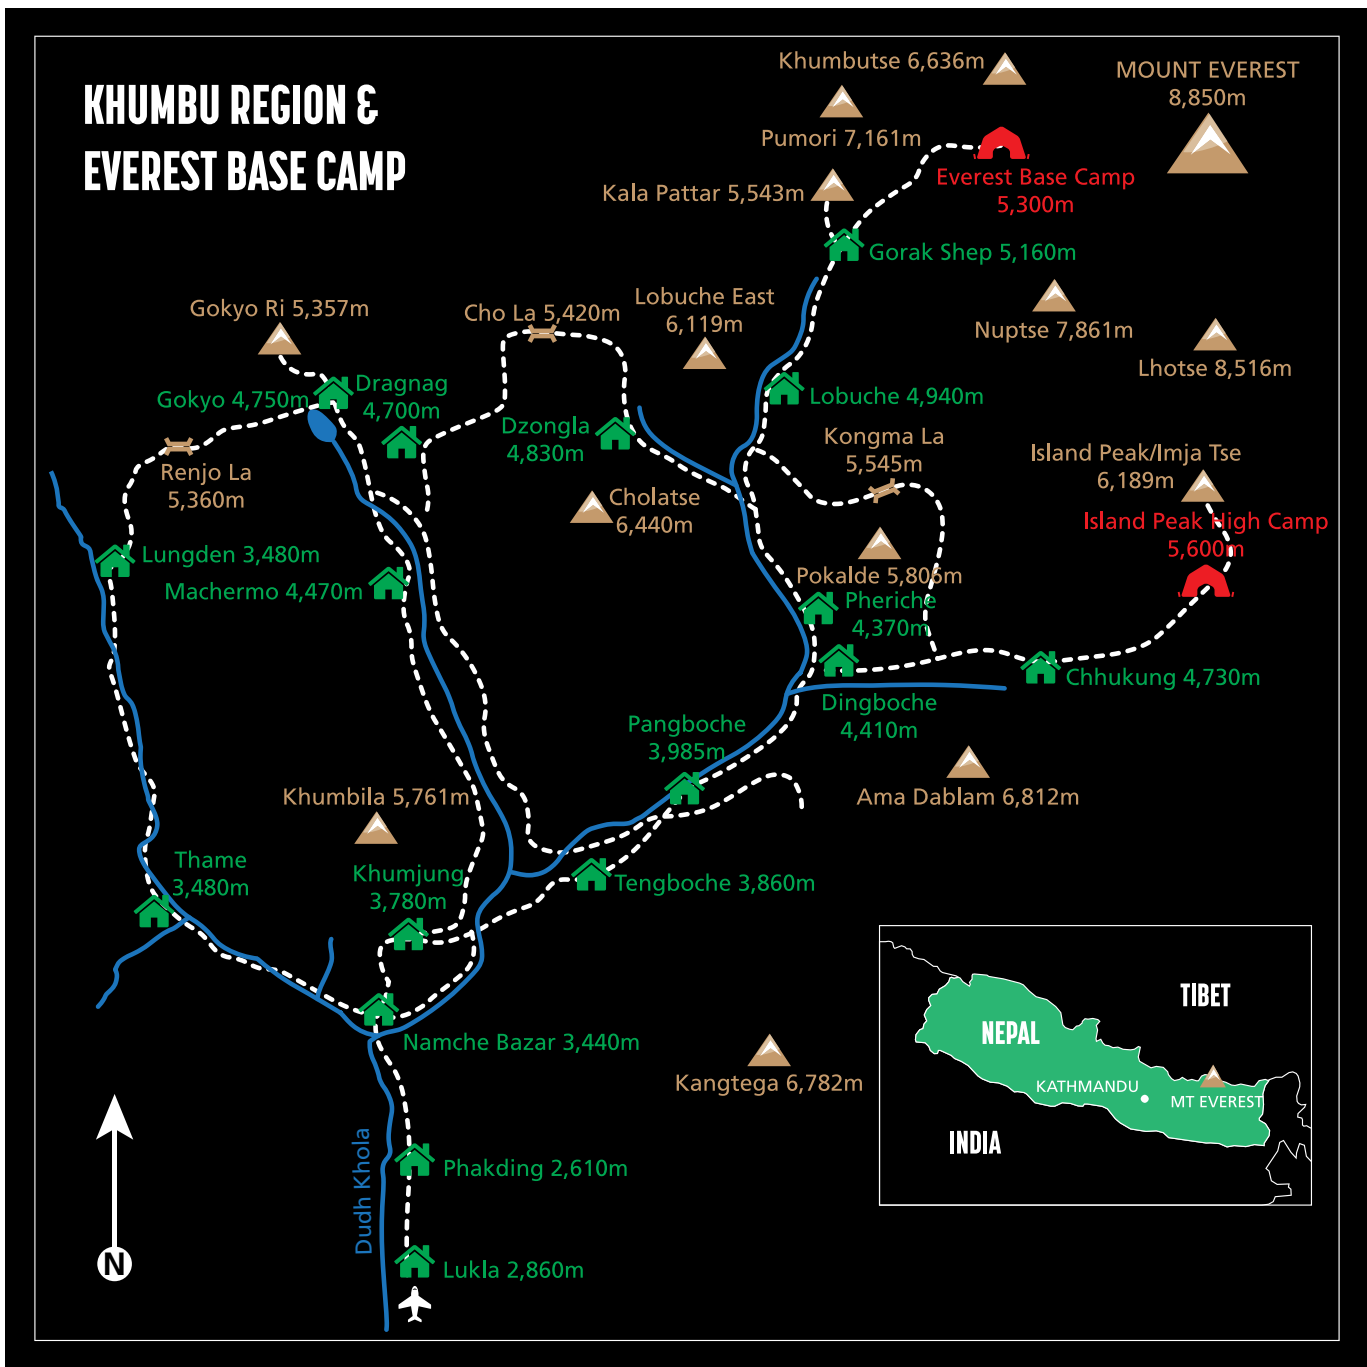

It is an early start the next day to travel over the 5,420m/17,780ft Cho La Pass. By the late morning, we will be rewarded with views back to Ama Dablam and Cholatse before descending

off the steeper side of the pass into boulder fields and remote trails. By the end of a superb day's Himalayan trekking we reach the village of Dragnag, where we spend the night.

The next day, we cross the Ngozumpa Glacier and after a few hours, we reach our destination of Gokyo. We have a day to explore the Gokyo region with options to climb Gokyo Ri (5,357m/17,575ft) for breath-taking views of Everest (8,850m/29,035ft) or trek further up the valley to view some of the stunning blue Gokyo Lakes—of which there are five.

After enjoying our day in the Gokyo region, we then begin the trek out with an easy day's trek to Machermo, before re-joining the main trail at Namche Bazaar. The trek from Namche Bazaar to Lukla is a long day before the early morning flight back out to Kathmandu on the last day.

We schedule a spare day in Lukla for potential weather delays. Departure flights from Kathmandu need to be scheduled for the following day.

NOTE: This extension can run following any of the Adventure Consultants Island Peak, Lobuche East or Three Peaks Expeditions, and Everest Base Camp or Khumbu Treks in either the pre or post monsoon seasons.
